Description of "PONO" - To achieve balance and harmony. To be correct and in perfect order.

Janee Marie Taylor is a Proven Management Systems Specialist and Motivational Consultant with 28 years of experience in analyzing and upgrading existing operations, raising moral, increasing productivity, thus increasing the bottom line, based on the proven principles found in "PONO".

I am a Kauai Kamaaina of 33 years, with 3 children and 2 grandsons, on Kauai.

I was hired by Mayor Tony Kunimura to upgrade the Kauai County Transportation Department approximately 22 years ago.
The moral was down, and staff and recipients of transportation services had many complaints. (This included 23 human service agencies)
Within 3 months there was a noticeable positive upgrade.
Within 6 months, we were buying a new fleet of vehicles.
Within 12 months, we were in the process of developing a Transportation Risk Management program for the County of Kauai, we completed our first year with 100% safe driving, feeling a great sense of pride and accomplishment.

Since that time, I have had a career as an "Administrative and Operations Upgrade Specialist" in the corporate world of Hotel, Resort, and Hospitality.

My goal is to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono" (English translation – "The life of the land is perpetuated in righteousness").
